WHAT WE DO

Business Travel

We are regularly involved in some of the largest major conferences and exhibitions across the UK, so you can trust our experienced staff to ensure that everything runs as planned!

We are able to run shuttle services to and from events, as well as providing coaches to transport attendees around during conferences, ensuring that your guests arrive on time and in style ready for the day ahead.

Contract services are also available to take your employees to the office on a route and timetable planned by you (or us!), ensuring all your employees can use sustainable methods to travel to work and get there on time with no hassle.

School Hire

At Truronian we recognise the huge responsibilities associated with transporting our young people. That is why our drivers are DBS checked, approved by local authorities, and all our vehicles operated on school trips are fitted with seatbelts as standard with wheelchair accessible coaches available upon request.

Our flexible pricing for school trips and recreational events also means you can do more on your budget. We also aim to have the same driver on the same coach every day!

Social Events, Concerts, Sporting Events and Excursions

We specialise in intricately planned and expertly delivered transport at events across the country to meet your specific requirements. Our executive coaches have high floored bodies, air suspension to provide a smooth ride and offer ample underfloor luggage space. They also have comfortable reclining seats with armrests and footrests, toilets, fridges, and a full public-address system to ensure your journey is as comfortable as possible.

Weddings

Truronian have a long and enviable reputation for providing luxurious private coach hire for your special day. With a selection of modern coaches ranging from 40 – 77 seats, we provide plenty of space for your guests to relax and feel like a VIP. We can also personalise your coach by adding your own special message to the screens inside! (Must be requested).

Private Charter

We offer a range of additional services including specialised itineraries and inclusive holiday package tours to suit any individual group requirements and within your set budget. We also have a team of friendly and helpful staff who can steward queues, supervise operations on the ground and meet and greet customers on the day.

Why choose us?

We are locally based, locally managed, and locally focussed. With a history dating back to 1880, you can trust Truronian to get you where you are going. From weddings to sports teams and events travel, we've got the experience and knowledge to deliver an exceptional service that's personal and tailored to your needs.

Joining First in 2008, we stand together as the best known, longest established coach operators in Cornwall.
