want the easiest way to pay on the bus?

Choose Tap On, Tap Off instead of buying these adult tickets from your driver...

Single • 2-Trip • Day • 3Day • 5Day • Week

Tap On, Tap Off uses contactless payment to cap our adult bus fares so you'll never pay more than the Day ticket fare for each day you travel in your chosen zone, no matter how many journeys you make.

And the great news is, the more you travel across 7 days (Monday to Sunday), the cheaper the days become. Plus your weekly spend is capped at our Week ticket fare, however much you travel!

There's no need to ask the driver for a ticket; just tap when you get on and off the bus and make sure you tap the same contactless card or device each time.

Tap On, Tap Off works with the following payment types...

No more paper tickets!

Just Tap On, Tap Off and go.

Ticket types

Single tickets

A flat fare structure is in place in the Bath, Bristol and Weston-super-Mare Zones.

This means that wherever you travel in that zone, the price of a single journey will be the same. In the Weston-super-Mare Zone, a further Weston Inner Fare is available; see page 18.

In the West of England Zone the cost of your single ticket is based on the distance you travel.

Your fare is determined by how many sections of route you travel through, as defined by the chart on page 28.

The Government's £2 single fare cap will be in place until 31 December 2024.

2-Trip ticket (return)

Our 2-Trip ticket is a cheaper alternative to buying 2 single tickets or a day ticket when you know you only need to catch 2 buses in a day within your chosen zone.

Drivers can sell a 2-Trip to cover from your origin to your destination and back again. You can scan your ticket for the second trip as long as it's by 4.29am the following morning.

You can also buy a 2-Trip mTicket on the First Bus app that has no distance restrictions and can be used on any 2 services in your chosen zone. You'll receive two single tickets that must be activated within 24 hours of purchase, so only buy one 2-Trip ticket each day. As with any mTicket, just scan your ticket under the ticket machine reader when boarding the bus.

Day & season tickets

If you're making several trips on a particular day or you're a regular traveller, our Day, Week, Month and Year tickets offer you great savings.

Just decide which area you want to travel in and how long you

need your ticket to last. Then once you have your ticket you can make as many journeys as you like in your chosen period of time.

Our Day tickets are valid from 4.30am until 4.29am the following morning so are perfect for a day and night out!

Remember that Tap On, Tap Off will cap your fares without you needing to worry about which zones you use. See page 4.

Day Ticket Bundles

Our range of day ticket bundles are perfect if you want flexibility and value in your bus travel.

Just need three days' travel in a week or maybe you only use the bus Monday to Friday? However you travel, we've got the ticket to suit you!

When you're travelling across 3 or 5 consecutive days, you can get a 3 Day or 5 Day ticket from your driver that'll save you money compared to buying three Day tickets, or a Week ticket.

Or for added flexibility, our day bundles on the First Bus app give you 3, 5, 6, 10, 12 or 20 days of travel that can be spread over longer periods.

Just activate each ticket in the app on the day you need it, making sure you use them all before your bundle expires.

Group ticket

With this unlimited day ticket up to five people of any age can travel together for the cost of just two adult tickets.

Tickets can be bought on the First Bus app or on the bus and as with all our day tickets, it is valid until 4.29am the following morning.

How are West of England Zone single fares calculated?

The Government's £2 single fare cap will be in place until 31 December 2024. The example adult fares below are all currently capped at £2. Student and Young Person's fares remain graduated by distance, but capped at a maximum of £2.

Single fares in the West of England Zone are based on the distance you are travelling.

Distances are calculated using 'fare stage' sections rather than individual bus stops, with each section being approximately one mile long*.

If you travel up to 3 miles it'll be £2.30, 3-6 miles will be £3.30 and so on, as set out in the fares on pages 22 and 23.

Here is an example route and some of the adult fares along it:

Aztec West Roundabout to The Masons Arms would incur the £2.30 up to 3 mile fare as you are travelling in three sections (numbers 1, 2 and 3 - The Masons Arms is classed as section 3 in this example as it's where you are getting off the bus).

The Masons Arms to Thornbury, Health Centre would also be £2.30 as you are again travelling in three sections (4, 5 and 6 - The Masons Arms is counted as section 4 in this example as it's your boarding point).

In the other direction, Swallow Park to Rudgey Park would incur the £3.30 3 to 6 mile fare as you are travelling in four sections (6, 5, 4 and 3).

*Sections are approximately one mile long as not all bus stops are exactly to the mile. Where a significant feature is on a route such as a row of shops we have tried to extend sections to include this within the mile section.

Journeys out of a Flat Fare Zone

If a journey begins within a Flat Fare Zone but travels beyond the border of that zone, the fare will be calculated as follows:

Flat fare to the border of the zone, then rounded up to £2.30, £3.30 and £3.70 depending on the distance travelled thereafter. For example, using route shown on page 28 – Bradley Stoke, Willow Brook to The Masons Arms is £3.30 as you travel in the Bristol Flat Fare Zone plus three sections (1, 2 and 3).
